Cross Sectional Shape:

Round

End Application:

Nssn class submarine, bhd pressure hull gravity drain forward midspan piping

Inside Surface Condition:

Smooth

Measuring Method And Length:

37.500 inches

Product Name:

Flex hose assembly, swivel flange

Special Features:

Hose assembly consists of: (2) -80 hose x 5.00 nps hose x flange straight end fitting, (1) 5.00 in. Id x 5.88 in. Od synthetic rubber hose rated at 300 psi, l1 = 37.500 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A542a0
