**Cross Sectional Shape:**

Round

**End Application:**

Elcas caisson clamp assembly

**Layer Composition And Location:**

1st layer braided wire err-100

**Product Name:**

Hydraulic hose assembly

**Special Features:**

Used as fluid supply hose, fittings are stainless steel

**Media For Which Designed:**

Hydraulic fluid single response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A542a0
