Cross Sectional Shape:

Round

End Application:

Elcas caisson clamp assembly

Layer Composition And Location:

1st layer braided wire err-100

Product Name:

Hydraulic hose assembly

Special Features:

Used as fluid supply hose, fittings are stainless steel

Media For Which Designed:

Hydraulic fluid single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
