Cross Sectional Shape:

Round

Inside Diameter:

31.800 millimeters

Outside Diameter:

47.800 millimeters

Exterior Color:

White

Product Name:

Food and beverage hose

Special Features:

Made of sanitrong; synthetic high tensile textile with resilient monofilament helix; 762 mmhg suction; type p, epdm, white with burgundy spiral stripe; 100 inch length coiled and wrapped in polyethylene

Media For Which Designed:

Liquid, ingested single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541z0
