End Application:

Anchor installation

Product Name:

Flex hose hm-fh-90

Special Features:

Hose fitting material: bar, annealed, nickel-chromium-molybdenum-columbium alloy (uns n06625), iaw astm b-446, grade 1. Tube material: seamless annealed, nickel-chromium-molybdenum-columbium alloy (uns n06625), iaw astm b-444, grade 1. Nut material: bar, annealed, nickel-chromium-molybdenum-columbium alloy (uns n066625), iaw astm b-446, grade 1. operating pressure: 2500. Hose rated pressure: 4000. Length: 23 and 7/8 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
