Air Duct Hose Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4720-01-521-0792

Cross Sectional Shape:
Round
Wall Thickness:
0.220 inches
Inside Diameter:
0.750 inches both ends
Outside Diameter:
1.190 inches both ends
End Application:
Mk 7 mod 2, 3, & 4
Connection Type:
Coupling both ends
Measuring Method And Length:
15.000 feet
Product Name:
Hose assembly, air duct (inavy), hose assembly, air motor barricade winch (drawing name)
Coupling Style:
External quick-disconnect both ends
Special Features:
Used to connect air motor and ships Ip air
Material:
Steel both end couplings
Style Designator:
Sleeve section
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A229a0
