Cross Sectional Shape:

Round

Outside Diameter:

0.375 inches

End Application:

1520-01-355-8250

Product Name:

Flare to flare, medium pressure, high temperature, polytetrafluorethylene hose assembly with reusable fitting

Special Features:

Outer covering is silicone, fittings are brass

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A542a0
