Cross Sectional Shape:

Round

End Application:

Sh-2g seasprite helicopter

End Connection Design:

Straight 1st end

Flow Angle:

90.0 degrees 2nd end

Measuring Method And Length:

11.120 inches working

Product Name:

Hose assembly., transmission oil system

Media For Which Designed:

Fuel/oil, hydrocarbon single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
