End Application:

4510-01-453-4012; 4510-01-477-7764; 4510-01-521-1860 containerized latrine

Maximum Operating Pressure:

200.0 pounds per square inch

Product Name:

Petroleum transfer polypropylene-composite hose assemblies

Special Features:

Tube: polypropylene fabric and film layers, polyester barrier layers; cover: brown pvc coated fabric with white stripe; reinforcement: galvanized steel inner and outer wire

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
