**End Application:**

4510-01-453-4012; 4510-01-477-7764; 4510-01-521-1860 containerized latrine

**Maximum Operating Pressure:**

200.0 pounds per square inch

**Product Name:**

Petroleum transfer polypropylene-composite hose assemblies

**Special Features:**

Tube: polypropylene fabric and film layers, polyester barrier layers; cover: brown pvc coated fabric with white stripe; reinforcement: galvanized steel inner and outer wire

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A542a0
