Cross Sectional Shape:

Rectangular

Outside Width:

22.380 inches both ends

Outside Length:

28.380 inches both ends

End Application:

Missile, minuteman iii, lgm-30

Measuring Method And Length:

9.750 inches

Product Name:

Duct assembly, flexible

Special Features:

Assembly consist of: flange assembly: p/n wss96096, 1 ea; connector, flexible duct, p/n wss96090, 1 ea; rivet, blind open end domed hd. 1/8 dia. 305crs, p/n: m24243/1-f404, 56 ea; silicone adhesive/sealant, p/n rtv162, 4 oz.; flange assembly, wss96073, 1 ea; used on missile alert facility environmental control system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A229a0
