Cross Sectional Shape:

Round

Inside Diameter:

3.5 millimeters

Outside Diameter:

7.5 millimeters

Outside Length:

549.0 millimeters

End Application:

6115-01-296-1463; generator set, diesel engine

Product Name:

Hose, flexible braided leak-off

Special Features:

Vendor item drawing; cover: bonded textile braid reinforcement, black; pressure rating: 25 psi min; fluid usage: suitable for use with diesel fuels; inner conveying tube material: nitrile rubber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541z0
