Cross Sectional Shape:

Round

Outside Diameter:

0.375 inches

Exterior Color:

Black

End Application:

Herrier aircraft

Inside Surface Condition:

Smooth

Measuring Method And Length:

8.500 inches

Product Name:

Tube assembly, non-metalic-water drain

Material:

Plastic polyamide tube

Media For Which Designed:

Water single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A54200
