**End Application:**

Used on refrigerant/air conditioning compressor units suction/discharge lines

**Special Features:**

Brass/copper flexible tubing; maximum working pressure 500 psi; burst pressure 2500 psi; o/d 0.750 in and i/d 0.625 in

**Material:**

Copper alloy

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A520e0
