**Measuring Method And Length:**

30.000 inches

**Product Name:**

Hot engine oil hose assembly

**Special Features:**

Hose i.D. = 13/32"; hose length = 30"; fitting thread = 1/2 nptf to 1/2 nptf; meets federal motor vehicle safety standard no.106; iso cleanliness level of 17/14 and no particle larger than 100 micron per grove engineering specification a6-829-014631.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A542a0
