Cross Sectional Shape:

Round

Temperature Rating:

-46.0 degrees celsius single response and 93.3 degrees celsius single response

Outside Diameter:

0.375 inches

Exterior Color:

Black

End Application:

2330-01-449-1775; trailer, flat bed

Measuring Method And Length:

500.000 feet

Product Name:

Tubing, non-metallic, bulk

Special Features:

Core: nylon; core reinforcement: polyester braid; jacket: nylon with ultra-violet stabilizer

Material:

Plastic polyamide tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A54200
