Cross Sectional Shape:

Round

Temperature Rating:

-65.0 degrees fahrenheit single response and 450.0 degrees fahrenheit single response

Minimum Inside Bending Radius:

0.062 inches

End Application:

Uav predator

Connection Type:

External quick disconnect 1st end

Measuring Method And Length:

13.875 inches

Product Name:

Flared, crimped hose assembly

Special Features:

Specifically designed for fuel, lube or specialty applications of 1000 psi or less

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A542a0
