Cross Sectional Shape:

Round

Inner Conveying Tube Style:

Helical open-pitch corrugated

End Application:

Air conditioner

Layer Composition And Location:

1st layer braided wire err-100

Measuring Method And Length:

12.000 inches

Product Name:

Hose, monel

Special Features:

1 inch corrugated tube, .065 inch wall thickness, 1 inch straight cuff ends; all material monel

Material:

Nickel alloy tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541z0
