Cross Sectional Shape:

Round

End Application:

Washing machine

Layer Composition And Location:

Outer layer braided corrosion resistant steel wire

Inside Surface Condition:

Smooth

Measuring Method And Length:

6.000 feet

Product Name:

Washer inlet hose 6 foot

Special Features:

Braided washer inlet hose, heavy duty high pressure fill hose

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
