Wall Thickness:

0.110 inches

Inside Diameter:

5.000 inches

Outside Diameter:

6.600 inches

End Application:

B-2 aircraft

Bulge Width:

0.800 inches

Product Name:

Connector, bellows silicone rubber

Special Features:

Connectors are for low pressure gas ducts, working pressure 10 psi max, test pressure 15 psi, burst 30 psi & operating temp is -35 degrees f to 250 degrees f.

Material:

Rubber synthetic

Style Designator:

Center hump

Working Length:

2.310 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542b0
