## NSN 4720-01-550-7264

Nonmetallic Hose Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4720-01-550-7264

Cross Sectional Shape:					
Round					
Inside Diameter:					
0.250 inches					
Burst Test Pressure:					
2999.9 pounds per square inch	ı				
Inside Surface Condition:					
Smooth					
Product Name:					
Hose, hydraulic-fabricated					
Special Features:					
1st end size 0.562 inches, 2nd	l end size 0.688 inches;	1st end typr 36090,	2nd end type 37;	wt is 0.88 lbs;	length 52.62 inches
Media For Which Designed:					
Hydraulic fluid single response					
Shelf Life:					
N/a					
Unit Of Measure:					
Demilitarization:					
No					
Fiig:					
A542a0
