Cross Sectional Shape:

Round

Inside Diameter:

0.250 inches

Inside Surface Condition:

Smooth

Measuring Method And Length:

183.600 inches

Product Name:

Hose, hydraulic-fabricated

Special Features:

Both end sizes 0.688 in; 1st end type 36090, 2nd end type 37

Media For Which Designed:

Hydraulic fluid single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
