Metallic Hose Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4720-01-550-8315

Cross Sectional Shape:
Round
Inside Diameter:
0.625 inches
Maximum Operating Pressure:
3988.5 pounds per square inch
Measuring Method And Length:
21.772 inches
Product Name:
Hose, hydraulic-fabricated
Special Features:
Both end sizes are 1.188 inches; 1st end type 35, 2nd end type 36090; material r-12
Media For Which Designed:
Hydraulic fluid single response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A542a0
