Cross Sectional Shape:

Round

Inside Diameter:

Between 0.649 inches and 0.650 inches

Outside Diameter:

0.777 inches

End Application:

Upper hatch cover

Inside Surface Condition:

Smooth

Measuring Method And Length:

1.500 inches

Product Name:

Turnbuckle sleeve

Special Features:

Export control, critical; material delrin cmprsn 100af

Material:

Plastic tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A54200
