Cross Sectional Shape:

Round

Tempurature Rating:

212.0 degrees fahrenheit 2nd response

End Application:

2320-01-534-2245; truck, wrecker

Maximum Operating Pressure:

5800.0 pounds per square inch

Measuring Method And Length:

112.500 inches

Product Name:

Hose assembly no.4 cr 112.5 2049

Special Features:

1st end connection is straight swivel. 2nd end connection is 90 degree swivel.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
