**End Application:**

C-212 transport aircraft

**Product Name:**

Hose assembly tee, medium pressure

**Special Features:**

Flared straight to flared 45 degree using 666 hose and aeio2 sleeve (c530). Material corrosion resistant steel. Mates with ms33656.

Assembly length tolerance up to and includes 18 inches plus or minus 1/8 inches. Above 35 inches and including 50 inches to 1/2 inches

**Material:**

Stainless steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A542a0
