Cross Sectional Shape:

Round

Angle Between Rigid Elbow Fittings In Deg:

0.0

End Application:

Diesel engine

End Connection Design:

Elbow all ends

Flow Angle:

90.0 degrees all ends

Product Name:

Flexible hose

Special Features:

End connections internally threaded swivel nuts

Media For Which Designed:

Water, salt single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A542a0
