Cross Sectional Shape:

Round

End Application:

Diesel engine

End Connection Design:

Straight all ends

Connection Type:

Unthreaded external hose 2nd end

Product Name:

Flexible hose

Special Features:

One end plain, other end internally threaded swivel nut

Media For Which Designed:

Fuel/oil, hydrocarbon single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
