**Cross Sectional Shape:**

Round

**Inside Diameter:**

0.393 inches

**Outside Diameter:**

1.250 inches

**End Application:**

C-5 aircraft

**Measuring Method And Length:**

23.000 inches working

**Product Name:**

Hose assembly, polytetrafluoroethylene, permanently attached fittings, high temperature, medium pressure, flareless to flareless

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A542a0
