Cross Sectional Shape:

Round

Inside Diameter:

4.8 millimeters

Outside Diameter:

6.4 millimeters

Exterior Color:

Blue

End Application:

2355-01-560-2306; mine detector system, vehicle mounted

Measuring Method And Length:

7.5 millimeters working

Product Name:

Suzi hose tyre inflator; spiral plastic tubing

Special Features:

Coil diameter 75.0 mm; number of windings is 46.0

Material:

Plastic polyamide body

Media For Which Designed:

Air single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A54200
