# NSN 4720-01-572-2839

Nonmetallic Tubing - Page 1 of 1

AeroBase Group

# **Cross Sectional Shape:**

Round

**Inside Diameter:** 

4.8 millimeters

# Outside Diameter:

6.4 millimeters

# Exterior Color:

Blue

#### **End Application:**

2355-01-560-2306; mine detector system, vehicle mounted

## Measuring Method And Length:

7.5 millimeters working

#### **Product Name:**

Suzi hose tyre inflator; spiral plastic tubing

#### **Special Features:**

Coil diameter 75.0 mm; number of windings is 46.0

#### Material:

Plastic polyamide body

## Media For Which Designed:

Air single response

#### Shelf Life:

N/a

#### Unit Of Measure:

---

#### Demilitarization:

No

#### Fiig:

A54200
