Cross Sectional Shape:
Round
Inside Diameter:
4.8 millimeters
Outside Diameter:
6.4 millimeters
Exterior Color:
Blue
End Application:
2355-01-560-2306; mine detector system, vehicle mounted
Measuring Method And Length:
7.5 millimeters working
Product Name:
Suzi hose tyre inflator; spiral plastic tubing
Special Features:
Coil diameter 75.0 mm; number of windings is 46.0
Material:
Plastic polyamide body
Media For Which Designed:
Air single response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A54200
