Product Name:

Hose assembly, polytetrafluoroethylene high pressure - crimped

Special Features:

Hose size g dash size 6 thread .5625-20 unjs-3b, hose id 0.33, hose od 0.57 temp range -65 degrees f to +400 f (-54 degrees c to +204 degrees c), basic matl is titanium, angle in degrees 344, length of assembly in in. 0125, fract of an inch in eights 5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
