**Cross Sectional Shape:**

Round

**Thread Direction:**

Right-hand all ends

**Outside Diameter:**

0.250 inches

**End Application:**

4110-01-534-7675, mobile int coll sys

**End Fitting Component And Material:**

Shell steel all ends

**Connection Type:**

Plain face flange all ends

**Measuring Method And Length:**

14.710 inches

**Product Name:**

Hose assembly, extend retract cylinder, long elbow

**Special Features:**

1st fitting straight 37 degrees flare jic; 2nd fitting 90 degrees hose x 37 degrees flare jic

**Supplementary Features:**

Nha-891-11900

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A542a0
