Nonmetallic Hose Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4720-01-584-4869

Cross Sectional Shape:
Round
Thread Direction:
Right-hand all ends
Outside Diameter:
0.250 inches
End Application:
4110-01-534-7675, mobile int coll sys
End Fitting Component And Material:
Shell steel all ends
Connection Type:
Plain face flange all ends
Measuring Method And Length:
14.710 inches
Product Name:
Hose assembly, extend retract cylinder, long elbow
Special Features:
1st fitting straight 37 degrees flare jic; 2nd fitting 90 degrees hose x 37 degrees flare jic
Supplementary Features:
Nha-891-11900
Shelf Life:
N/a
Unit Of Measure:
<del></del>
Demilitarization:
No
Fiig:
A542a0
