Cross Sectional Shape:

Round

Outside Diameter:

0.688 inches

End Application:

3805-01-573-0677; excavator, multipurpose, end crawler mounted

Measuring Method And Length:

2900.0 millimeters

Product Name:

Hydraulic hose-fabricate

Special Features:

Nha cooling package for engine cooling system

Media For Which Designed:

Hydraulic fluid single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
