Exterior Color:

Red

Layer Composition And Location:

1st layer molded rubber, nitrile or 1st layer molded rubber, buna-n and outer layer molded rubber, nitrile

Maximum Operating Pressure:

250.0 pounds per square inch

Outer Covering Environmental Protection:

Oil resistant

Measuring Method And Length:

24.000 feet and 26.000 feet

Supplementary Features:

Hose assembly includes 2 brass ferrules 1/2 id x 1, 1 brass hose fitting with b-nut 9/16-18 unf-2b, 1 brass female pump connection coupling 1/4 id

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A542a0
