Cross Sectional Shape:

Round

Outside Diameter:

0.500 inches

Layer Composition And Location:

Outer layer molded rubber

Measuring Method And Length:

24.375 inches working

Product Name:

Hose assembly, rubber, lightweight, medium pressure, field attachable end fittingsd, flare to flare

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
