Cross Sectional Shape:

Round

Inside Diameter:

6.35 millimeters

Outside Length:

1475.0 millimeters

End Connection Design:

Straight 2nd end

Connection Type:

Threaded internal hose all ends

Product Name:

Hose assembly hydraulic, 6.35mm, 1475+/-15mm, with metal end fittings

Special Features:

9/16-18 threads on couplings

Media For Which Designed:

Hydraulic fluid single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
