**Cross Sectional Shape:**

Round

**End Application:**

3805-01-573-0677; excavator, multipurpose, crawler mounted

**End Connection Design:**

Straight 2nd end

**Flow Angle:**

90.0 degrees 1st end

**Measuring Method And Length:**

63.000 inches working

**Product Name:**

Hose assembly, valve to cylinder

**Special Features:**

Both ends threaded internal

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A542a0
