Cross Sectional Shape:

Round

End Application:

3805-01-573-0677; excavator, multipurpose, crawler mounted

End Connection Design:

Straight 2nd end

Flow Angle:

90.0 degrees 1st end

Measuring Method And Length:

63.000 inches working

Product Name:

Hose assembly, valve to cylinder

Special Features:

Both ends threaded internal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
