Cross Sectional Shape:

Round

Outside Diameter:

1.8 millimeters

End Application:

6640-01-547-1760

Layer Composition And Location:

Outer layer rubber composition

Product Name:

Hose set with connectors

Special Features:

End connections material is steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
