Cross Sectional Shape:

Round

End Application:

NSN6-11-501-5617

Measuring Method And Length:

565.5 millimeters

Product Name:

Hose, oil

Special Features:

Assembly consists of 2 adapters 3/4-16 inch jic, p/n 04-20937; 1 hose p/n 04-20871-1; hose assembly should be cleaned by blowing out with clean compressed air; cap ends of the hose with plastic covers for storage

Media For Which Designed:

Oil single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A542a0
