Minimum Inside Bending Radius:					
3.5 inches					
End Application:					
Diesel engine p/n 5560028101te94					
Measuring Method And Length:					
15.0 feet					
Special Features:					
Hose fc234-16 with straight female fitting on both ends,	length 15 inches,	maximum operating press	ure 400 psi,	min bed radius 3.	5 inches
Shelf Life:					
N/a					
Unit Of Measure:					
.					
Demilitarization:					
No					
Fiig:					
A542a0
