Cross Sectional Shape:

Round

Exterior Color:

Blue

Layer Composition And Location:

2nd layer polyester

Special Features:

Temperature resistance - 65 to + 347 degrees fahrenheit; id 0.375

Media For Which Designed:

Ethylene glycol/water mixture single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541z0
