Cross Sectional Shape:

Round

Inside Diameter:

1.0 inches

Outside Diameter:

1.319 inches

End Application:

Compressor

End Fitting Component And Material:

Adapter rubber 1st end

Connection Type:

Universal quick disconnect 1st end

Measuring Method And Length:

10.0 inches

Product Name:

Pre-filter hose assembly

Special Features:

Item is an integral part of an assembly consisting of 1 filter body, intake air cleane (4310-01-460-3407) ; 3 clamps p/n cmp-25; 1 adapter p/n adp-314; 1 rubber tubing/hose p/n tub-r-136; item functions as intake fileter for compressor, continually taking in clean air

Media For Which Designed:

Air single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
