**Cross Sectional Shape:**

Round

**Inside Diameter:**

0.36 inches

**Outside Length:**

0.36 inches

**End Fitting Component And Material:**

Adapter steel all ends

**Layer Composition And Location:**

1st layer molded polytetrafluoroethylene

**Inside Surface Condition:**

Convuluted

**Special Features:**

Ss braided hose assembly; connection sies 1/2 inch; connection type tube stubs; body material ptfe; hose size 13/32 inches

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A542a0
