End Application:

Isb6.7 with cm2150 engines with common fuel rail system

Product Name:

Fuel pressure gauge adapter

Media For Which Designed:

Fuel 1st response

Special Test Features:

Only low pressure fuel lines

Supplementary Features:

Used to ck fuel inlet restrictions, drain line pressure

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
