Cross Sectional Shape:

Round

Inside Diameter:

0.312 inches

Exterior Color:

Black

End Application:

Skid-steer loader 6640e

Maximum Operating Pressure:

250.0 pounds per square inch

Measuring Method And Length:

17.0 inches working

Product Name:

Fuel hose

Media For Which Designed:

Hydraulic fluid single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A542a0
