**Cross Sectional Shape:**

Round

**Outside Diameter:**

0.750 inches

**Exterior Color:**

Black

**End Application:**

Skid-steer loader

**Burst Test Pressure:**

24000.0 pounds per square inch

**Maximum Operating Pressure:**

6000.0 pounds per square inch

**Measuring Method And Length:**

24.88 inches working

**Product Name:**

Hose

**Special Features:**

Item has 2 female swivel fittings; 1 end at 45 deg, 2nd end at 90 deg; both has offset angel of 27 deg; threads 1 3/16-12

**Media For Which Designed:**

Hydraulic fluid single response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A542a0
